## NABIFIKE PROMOTIONS

• PRINTING SPECIALISTS •

2 Kleintuin Road,  
Edgemead,  
Cape Town

### WHO WE ARE

We provide a full range of Litho, Digital and Large Format printing, with services including Design, Promotional Items, Signage Installations and Applications, Finishing, Packaging and Delivery.

### WHAT WE DO

We design. We print. We finish. We pack. We deliver.

**Design** - From flyers and business cards to a spectacular new logo or changes to existing artwork.

**Digital Printing** - We print up to 400g coated board, and we do the usual high volume black/white printing. Variable Data printing and the usual services of laminating, scoring, folding and binding are available.

**Large Format Printing** - Reel to reel printers do all your PVC banners and vinyl prints (with kiss cutting facility for stickers etc.). A Flat Bed printer with UV inks will print direct onto most substrates like chromodek boards, ABS, Perspex, Correx etc. Epson printers are used for poster and canvas prints, with block mounting.

**Litho Printing** - We have Full Colour Presses to print all your campaigns, promotions and marketing products etc. with the option of machine varnishing, and also one and 2 Colour Presses to print your spot colours and your Invoice/Delivery note books, raffle tickets, job cards etc.

**Promotional Items** - We provide a full range of Promotional Items and Gifts from pens to bags to gazebos. We also brand your staff with our range of clothing and caps.

**Signage** - We provide various signage options. Installations are done throughout the Cape Peninsula and Western Cape.

**Finishing** - We do UV varnishing, Laminating and mounting of posters to boards, for hanging posters or to put onto poles. We produce and complete the full range of point of sale products. The die-cutting of boxes and various shapes, as well as scoring, folding, numbering, and binding and stitching (stapling) of books, are available, to finish off another quality product.

**Package and deliver** - We shrink wrap most products or box if requested, in order to prepare for delivery or courier. We deliver throughout the Peninsula, but can prepare and distribute your campaigns and products nationwide.
