

The logo for WDL Construction features a stylized house icon with a green roof and a blue gable. The letters "WDL" are in a large, blue, serif font, and "CONSTRUCTION" is in a smaller, white, sans-serif font on a green background. Below the logo is the tagline: "QUALITY. AFFORDABILITY. RELIABILITY. FOR ALL YOUR BUILDING REQUIREMENTS".

PROFILE

WDL Construction was opened in November 2016 by Director Owner Wynand de Lange and has since completed numerous industrial and residential projects.

We focus on all residential and commercial building work from rollout to handover of the project. We also offer turnkey solutions to clients by teaming up with professionals and thus providing a hassle free construction project with minimal client involvement. We operate predominantly within the NMBM metro and surrounding areas.

Our site supervisory staff is well trained with more than 15 years progressive experience in residential and commercial construction. All work is personally overseen by Wynand de Lange whom is in possession of a National Diploma in Building and a BTech degree in Quantity Surveying coupled with 10 years experience in these associated fields.

MISSION STATEMENT

Quality. Affordability. Reliability.

We pride ourselves in quality workmanship as well as turnkey solution to unique customer expectations.

We pride ourselves in offering cost effective solutions based on ethical foundation while maintaining appropriate quality requirements.

We pride ourselves in delivering consistently, based on agreed timeframes and in line with customer expectations.

To provide construction services of the highest quality at fair and competitive prices to our customers.

To focus on the sustainability of our company through business referrals based on customer satisfaction.

To ensure good relationships with all stakeholders through maintaining the highest level of professionalism, integrity, honesty and fairness in all interactions.
