- Acne

**Do You Want To Improve The Quality Of Your Life?**

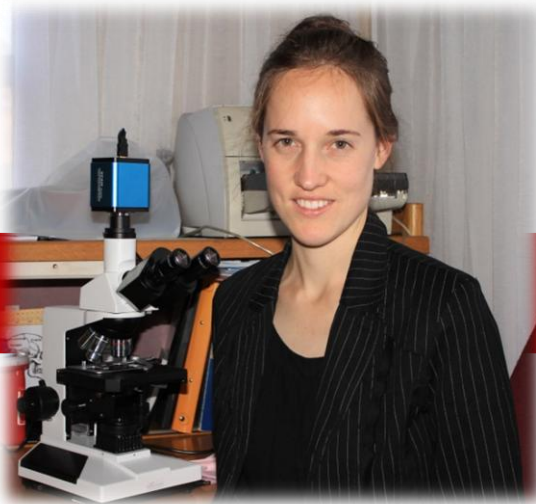

***THEN IT'S TIME TO DETERMINE THE ROOT CAUSE  
OF YOUR HEALTH STRUGGLES***

**Live & Dry Blood Analysis provides an interesting insight to your current state of health.**

**It takes the guesswork out of choosing the correct natural remedies, lifestyle and dietary changes and can help prevent more serious conditions.**

**INVEST IN YOUR HEALTH**

### **ANALYSING YOUR BLOOD UNDER A MICROSCOPE CAN UNCOVER:**

- Hidden nutritional imbalances
- Immune, hormonal & digestive imbalances
  - Underlying toxicities
- Stressed liver, kidneys, adrenals
- Insufficient circulatory or lymphatic function

### **WE USE SPECIFIC NATURAL REMEDIES & TREATMENTS TAILORED TO YOUR INDIVIDUAL NEEDS**

A session can take 40-60min and the analysis can be performed on persons of all ages including infants. After assessing a single drop of your blood, further investigations may be suggested, but we typically provide you with dietary, lifestyle and other treatment recommendations as well as remedies to address any specific imbalances.
